Javier Nart MEP
European Parliament

Tuesday 8 July 2014

Dear Mr Nart,

I am writing to you concerning the recent exchanges that have taken place between yourself and Mr Tremosa.

I would like to inform you that he acknowledges that none of your activities in the past are of any concern and that it was inappropriate to use the word terrorism, that this was a mistake and he believes this was unfortunate.

Furthermore, I would like to assure you that I personally reject the dossier that was sent, and I consider its content does not correspond to the truth which is the reason why the group unanimously supported your membership of the AFET and SEDE committees, and for this reason, I will propose to the Presidency of the Group, at its first meeting next week, that it reject the dossier, declare its untruthfulness and express its solidarity with you.

I very much hope that on this basis we can draw a line on this incident and focus on our common work.

With kind regards,

Guy Verhofstadt
President of ALDE
